

Addendum A:

Provider Group Listing for St. John's Financial Assistance Policy

St. John's is associated with and uses multiple local healthcare groups and providers to meet our community's healthcare needs and ensure a continuum of care.

The patient may be billed separately for care they receive while at St. John's from these separate care providers.

Listed below are the groups from which the patient may receive a separate bill and whether or not the provider group matches St. John's Patient Financial Assistance Policy. These groups will send patients a separate bill from St. John's for their services and need to be contacted directly by the patient to resolve any outstanding balances or inquire about available financial assistance.

- 1. The following service providers bill their services separately from St. Johns Health but will generally match St. John's Financial Assistance Policy determinations for qualified services:**
 - Radiology Physicians*
 - St. John's Health Surgeons
 - St. John's Health Physicians (i.e. primary care/specialist visits to admitted patients)

- 2. Service Providers who do not match our Financial Assistance Policy determinations, but will acknowledge our determination and provide their own determined level of assistance:**
 - Anesthesiology Services*

- 3. Service Providers who do not follow our Financial Assistance Determinations. These groups must be contacted directly to find out what assistance is available:**
 - Pathology Services
 - OBGYN Providers
 - Pediatric Providers
 - Plastic Surgery Providers
 - Privileged Surgeons not directly employed by St. John's Health
 - Non-SJMC Physicians (i.e. primary care/specialist visits to admitted patients)

*A limited number of services by these groups may be billed directly by SJH and/or covered by St. John's Financial Assistance Policy. For patients with questions regarding upcoming care please contact Pre-Services at 307-739-6161 for more information. If you have already received care please contact St. John's Patient Assistance team at 307-739-4848.
